Now is a good time to contact your booster clubs to see if they would be interested in purchasing a program ad for the Classic. The financial support of the booster clubs essentially pays for the printing of the game program. It would be nice if we could have a half or full-page ad from every booster club. The Association has approved a motion that each member school be responsible for an ad in the game program. Your booster club can design the ad themselves--as long as it is black & white and can fit on one 8 ½" x 11" sheet of paper. An order form is included with this packet.
